customised soap

for your event, business or sporting organisation

Are you hosting a special event? Are you giving the delegates a memorable gift to mark the occasion? A quality hand made soap from Soap by Design ensures that your delegates get a gift as special as the event they are attending. You can customize each bar with the logo from the event, and include specific event copy on the label to mark the occasion.

Design a soap that captures the moment – a special logo for the event, a certain fragrance for the experience, a particular colour reminiscent of the occasion. A boxed hand made soap means your gift can be included in a show bag or easily distributed at the end of the occasion.

The benefits of choosing Soap by Design for your special occasion are:

You have an opportunity to give a gift designed to be as special as the occasion itself.

You can customize the soap to reflect your event. For example, select a peppermint essential oil to be used in the soap at a sporting event, or an event logo for a trade fair.

Your event will be remembered long after it is over! A Soap by Design product can be used immediately in the shower or bath.

Your gift is Australian made and high quality.

The Soap by Design team are expert soap makers – they will take the time to really understand your event and make recommendations tailored to your goals.
